Regional Disparities and Challenges

Ethiopia's vast geographical and socio-economic diversity is reflected in the examination results. Several regions face systemic challenges that impact student performance:

- Oromia and Amhara Regions: As the most populous regions, they account for a large number of examinees. While they have seen steady improvements, disparities within these regions between

urban centers and remote areas?remain significant.

- Somali, Afar, and Benishangul-Gumuz: These regions often report lower pass rates, sometimes below 50%, due to factors such as limited access to quality schools, shortages of trained teachers, and infrastructural deficits.

- Addis Ababa and Dire Dawa: Urban centers tend to have higher pass rates, benefiting from better resources, qualified teachers, and supplementary educational programs.

- Challenges Contributing to Disparities:

- Infrastructure deficits: Lack of adequate school buildings and learning materials.

- Teacher shortages: Especially in rural and remote areas.

- Socioeconomic factors: Poverty, child labor, and early marriage hinder consistent school attendance.

- Language barriers: For students in regions where the medium of instruction differs from their mother tongue, learning difficulties increase.

Impacts of COVID-19 and Educational Reforms

The COVID-19 pandemic disrupted Ethiopia's education system, leading to school closures and interrupted learning. The impact was particularly severe in underserved regions, where access to remote learning tools was limited. As a result, some students faced setbacks in their preparation for the Grade 10 exams.

In response, the Ethiopian government launched several initiatives:

- Catch-up programs aimed at bridging learning gaps.

- Expansion of distance learning platforms, including radio and TV broadcasts.
