A: The five main sections are:

- Operations: Tactical response actions.
- Planning: Collects, evaluates, and disseminates incident information.
- Logistics: Provides resources, services, and support.
- Finance/Administration: Tracks costs, manages contracts, and handles administrative functions.
- Command: Overall incident management and coordination.

Q8: How does the ICS structure accommodate multi-agency coordination?

A: Through the use of a Unified Command, where representatives from different agencies collaborate, share authority, and develop common objectives, ensuring coordinated response efforts.
